Filesize: 8.49 MB

### ***Reviews***

*The book is great and fantastic. It is written in straightforward words and phrases rather than difficult to understand. You won't really feel monotony at any time of your respective time (that's what catalogues are for regarding should you question me).*

Not illustrated. 1916 Excerpt: . good antiseptic added to the water is advisable, and my own preference for slight wounds is liquid carbolic acid in the proportion of about one tcaspoonful to a pint of water, thoroughly stirred to make as complete a mixture as possible. Apply this to the wound first, then use it with the liquid soap to make the wound and adjacent parts clean. An antiseptic dressing powder, such as Squibb s, may then be used, followed by a layer of gauze and the bandage. Nearly all wounds thus dressed will heal without further attention, and without suppuration. A week or ten days is usually consumed in the healing process. The basin used for dressing wounds should never be used for any other purpose, and always after using it should be cleansed antiseptically so as to be ready at a moment s notice for another case. It is advisable to have an ample supply of everything likely to be needed, ready for instant use. Some of The Texas Company offices are provided with a Johnson s First Aid Cabinet which has an excellent collection of wound-dressing material. BY THE WAY Mrs. Rosine Ryan, of Houston, Texas, sends this interesting communication, for which we thank her very much. Possibly some of the largest of the trees referred to may be native, but however that may be, we have here a vivid story of the planting of all or some of the trees in our Oaklawn Filling Station grove...
