

Those Who Continue to Smoke: Smoking and Tobacco Control Monograph No. 15 (Paperback)

By U S Department of Health Human Services, National Institutes of Health, National Cancer Institute

Createspace, United States, 2014. Paperback. Book Condition: New. 254 x 178 mm. Language: English . Brand New Book ***** Print on Demand *****. The decline in U.S. smoking prevalence since the publication of the first Surgeon General's Report in 1964 has been hailed as one of the greatest public health accomplishments of the past century. Forty four million Americans-almost half of those who ever smoked-have quit, and lung cancer death rates have decreased greatly as a result. As a nation, we've launched wide-reaching tobacco control programs in worksites, schools, communities, and all 50 states, and we've witnessed enormous shifts in social norms, policies, and public attitudes. Growth in clean indoor-air laws and smoking restrictions have made quit-smoking cues persistent and inescapable, and new data shows that tobacco price increases and mass media cessation campaigns can significantly increase population quit rates. Over the last three decades, we have developed effective clinical treatments-psychosocial and pharmacological-and seen the publication and update of authoritative practice guidelines recommending evidence based treatments that, if universally applied, could double our national annual quit rate in a highly cost-effective way. Prospects for preventing and treating tobacco use and addiction have never been better. Yet the papers...
