WHITE HAT. Paperback. Book Condition: New. Paperback. 164 pages. Dimensions: 8.5in. x 5.5in. x 0.4in. Most people think they need to play by Wall Streets rules in order to grow their investments. Surprise. Wall Street may be the worst thing for your future. PickPockets shows you the pitfalls of the Wall Street game and how many brokers, money managers and investment advisers are experts at picking your pocket. This book is a compilation of short blog posts written by financial experts Mitch Tuchman and Stephen Beck and distributed to thousands of investors on the authors online investment site, [www. marketriders. com](http://www.marketriders.com). Tuchman and Beck show you why the worlds wealthiest families and elite institutions such as Yale and Harvard ignore Wall Street. The stories are easy to read, laced with humor, and brimming with practical insights that will educate and inspire individual investors. Be prepared. This style of investing will not fire up the adrenal glands, trigger manic trading, fuel your need for daily entertainment, or support the illusion of having a stock and bonds crystal ball. But it just might change your investment habits forever and redefine your retirement years for the better. This item ships from multiple locations.
