## Materials of Construction, Their Manufacture and Properties (Classic Reprint) (Paperback)

By Adelbert Philo Mills

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Materials of Construction, Their Manufacture and Properties Tins work is an outgrowth of certain lectures and notes which have been used in the author s classes in the College of Civil Engineering, Cornell University, for the past several years. Its preparation was undertaken to meet the need which was felt for a general text-book covering the manufacture, properties, and uses of the more common materials of engineering construction in a comparatively concise and thoroughly modern manner. Although this book is intended primarily for use as a text-book of somewhat elementary character and is not a treatise exhaustively covering the very broad field of Materials of Construction, the treatment has been made more detailed in some respects than may be necessary for class-room purposes, and its applications as a general reference work thereby broadened. The treatment of the various classes of materials considered follows a general systematic form which has been made uniform throughout so far as has been found practicable. The consideration of each material or class of materials is prefaced by a discussion of...
