By James Thompson Bixby

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. In an Address which the editor of this Magazine delivered, in 1875, at the opening of Vanderbilt University, he maintained, and endeavored in outline to show, that there is no conflict between true science and true religion, and that both hold the same basis. If he had the talent of Mr. John Thompson Bixby, and had expanded his Address into a volume, he would have produced very much such a work as Mr. Bixby has published under the title of Similarities of Physical and Religious Knowledge. Indeed, some of the expressions in both works, and several of the lines of thought, are so alike that whoever reads them will probably feel that the writer of the second must have read some portion of the first. But this is not so, as Mr. Bixby, whose book was not published until the year after the delivery of our Address, could scarcely have seen it. We commend this volume most heartily. One great defect of the day is partial reading. Men read on one side. A man takes a Democratic or...
