Those Nations that presently identify themselves as Communist are in actuality just a form of Socially-engineered Capitalism (Socialist Capitalism) -Their economies all rely upon Capital-. Capitalism and Communism must not be permitted to exist on the same planet. True Communism has no Capital. Only Labour has value, nothing else has value. All currency in present circulation on the Globe that is mass-produced by the private Central Banks is without value. The fact that It is based upon no holdings of wealth to back-up the issue as well as the gross disparity of possession make it vapid. The population of the Globe require only Human Labour to accomplish any task. Currency Slavery will end under New Global Communism.
