Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be the best ebook for possibly.
(Mitchell Kuhn III)

Bibliogov. Paperback. Book Condition: New. This item is printed on demand. Paperback. 84 pages. Dimensions: 9.7in. x 7.4in. x 0.2in.Pursuant to a congressional request, GAO evaluated the Armys strategies for equipping National Guard and reserve units. GAO found that: (1) the Army and National Guard have improved equipment readiness, in both absolute terms and the dollar value of ready major equipment items; (2) shortages of some transportation and communications equipment are particularly widespread and affect unit readiness; (3) the shortages posed difficulties during the mobilization for the Gulf War and impaired mission performance during the war; (4) the Army has emphasized modernization over readiness in its procurement and distribution activities; (5) the Army frequently deviates from the Master Priority List, which is supposed to ensure that critical equipment goes to those units most likely to be involved in combat; (6) the Army equips some active combat forces less likely to fight before equipping certain support units likely to fully deploy during the early stages of a conflict; (7) the Dedicated Procurement Program, a congressionally sponsored program designed to help reserve units overcome some of the limitations imposed by the Armys procurement and distribution priorities, has directed funding to planned purchases for reserve units and helped improve the reserves equipment posture; (8) Congress has directed that some program funds be used for items not identified as high-priority requirements; and (9) reserve units may not benefit as much as they could from equipment that will become excess as a result of Army downsizing. This item ships from La Vergne,TN. Paperback.
