

Rocks and Minerals: A Gem of a Book! (Mixed media product)

Filesize: 5.46 MB

Reviews

Basically no words to clarify. Of course, it is perform, still an amazing and interesting literature. Its been printed in an exceptionally basic way which is only soon after i finished reading through this ebook where actually altered me, change the way i really believe.

(Newton Runolfsson)

ROCKS AND MINERALS: A GEM OF A BOOK! (MIXED MEDIA PRODUCT)**DOWNLOAD**

Pan MacMillan, United Kingdom, 2009. Mixed media product. Book Condition: New. 175 x 175 mm. Language: English . Brand New Book. Simon Basher is back with another zany primer to science! Following his 3 successful titles on the basics of chemistry, physics, and biology, BASHER SCIENCE: ROCKS AND MINERALS is an in-depth look at the ground beneath our feet. Like his other titles, Basher presents these topics through charming and adorable illustrations and pairs them with basic information told from a first person perspective. He develops a community of characters based on the things that form the foundations of our planet: rocks, gems, crystals, fossils and more. And what's more, he makes it understandable, interesting, and cute. It's not what you expect out of a science primer.
