

## Cellular Lipid Binding Proteins

By Glatz, Jan F.C.

Book Condition: New. Publisher/Verlag: Springer, Berlin | It is well established that cellular lipid binding proteins serve central roles in cellular lipid uptake and metabolism. Evidence has been presented that various metabolic diseases, such as hyperlipidemia, atherosclerosis, insulin resistance, and diabetes, are characterized by malfunctioning or deficiencies in cellular lipid binding proteins. For better understanding of the action of lipids as signaling compounds and the role of lipids in intermediary metabolism, it is essential to have detailed knowledge of the interactions between lipids and their cognate binding proteins. In view of this growing interest in lipid-protein interaction, the 4th International Conference on Lipid Binding Proteins was held in Maastricht, The Netherlands, in June 2001. The proceedings of the previous three meetings have been published in Molecular and Cellular Biochemistry . The present focused issue of Molecular and Cellular Biochemistry comprises selected papers based on the lectures and posters presented during the 4th conference, and provides insight into the significance of these proteins for the functioning of the cell. | Preface; J.F.C. Glatz. 1. Cellular lipid binding proteins as facilitators and regulators of lipid metabolism; J.F.C. Glatz, et al. 2. Critical steps in cellular fatty acid uptake and utilization; G.J. van...
